

Dear Professor Kulcsár,

I am writing to inform you that, unfortunately, I am unable to continue my studies in high school for the next year. The reason is that I'm going to take part in a camp in America / in Camp America, I am going to be there for a whole school year. My job would be to entertain and to take care of young rugrats by organizing programs. Therefore, I would like to request your permission to defer my studies as I understand that this is only possible with your approval.

With your blessing, I'll be able to make up the exams that I miss during the following summer. I realise that this would mean a heavier workload than usual for the next two years, but I assure you that I would be able to manage my time and keep up.

Thank you for considering my request and I would be happy if you let me go.

Sincerely / May God bless you, your wife and your children,

Máté
