

Don't be offended if you consider yourself a liberal. I don't have time to make changes for everyone's idiosyncracies: Liberalism is a mental disorder void of reason (arguments without arguments), and is Against Jesus' model! Bricks or stones?

Want free healthcare? Come to Hungary! and I'll show you how it works. Lack of doctors, nurses, dilapidated facilities, and scarce equipment. The doctors are amputating limbs more often than saving them because the money is better. Pregnant? Pay the doctor under the table or lose a meaningful relationship. In England, similar to other countries, and Hungary, 150,000 elderly people are killed each year for lack of facilities and care.

Want free school? Come to Hungary! The indoctrination of your minds will surely leave your brain empty. Students have two and three diplomas and work in fields quite far from their fields of studies. Partly due because when things are given to you for free, you don't care much about what choices you make. Try getting a job without a diploma in Hungary. Does a diploma make you smart? NOT by a long shot, but hey, who cares when you got a diploma. Lack of jobs, anyway. As the government consolidates and harnesses the economic powers, the government gets bigger and the people get smaller. But, who's to blame? The people who lead this cr\*p, or the people who voted for it?

Want the government to control your employer? Month long guaranteed vacations! Maternity leave guaranteed! If you are sick, you must go to the doctor no matter what, though! First day of a flu – doctor's office, or you'll be in violation! Complain about salary so low because of the regulations? Blame it on the employer, sure!

Lack of incentive, decline in population growth, lack of spirit (just ride the public transportation for a day to see the despair for yourself), lack of love for country and self. But, hey, as opposed to the old communism, you can leave the country and f\*\*k up someone else's too!

Favor open borders? Well, yes, of course I could provide you with an extensive link list, but I'm only gonna share one with you. Look closely! Don't worry, you're not alone. My students often feel the same. Lock the door to your own house, but keep the border wide open! Don't forget to watch the aerial visual of the migrants walking through the streets in search for 'a better life'.

There's a reason why Mexico is listed #1 in corruption in the developed world. The U.S.' unwillingness to protect itself, and to invite the relief of the pus into it's own backyard are just a couple. You want that in your own communities? You pretend – or maybe even believe – to be supporting your latin roots by allowing the influx of illegals to poor into your communities, but the truth is, you're hurting them, their countries of origin, and yours. You don't need to be a genius to know that:

If we just keep on keeping on, we've got it made – and if we don't? We will follow those other great nation-states of history into the graveyard of ignominious oblivion. History promises only this for certain – We Will Get Exactly What We Deserve.” - Paul Harvey

The question is, do we have enough communists and Muslims to change the demographics of the voting blocks (incl: illegals, voter fraud, NEVERTRUMP supporters)? When you have a candidate that promises to take away the baby's milk and honey, which is poisoned, (babies incl: Muslims and communists) because it will benefit society as a whole to do so— even a baby's health and wealth, it's hard to convince them to relinquish that poisoned free stuff! Don't worry, though, the Latin American and Arab worlds are coming to a neighborhood near you!

As for the Trump 'scandal' supporters: Read a book! Everyone having the moral high ground, suddenly? See the light? First of all, we don't yet live in the commie utopia you want. Innocent until proven guilty: And, those bitches are lying, anyway - proof:

Questions for the Final debate ...

Moderator:

Good evening ladies and gentlemen.

Let's start the first questions with you Mrs. Clinton.

When you were Secretary of State why did you let a Russian company purchase 1/2 of the United States' Uranium reserves?

How much money was donated by Russian companies to your Foundation?

When you worked for the State Department how did you conduct Secret Classified business without using a secure email server?

What kind of assault weapons were you funneling through Benghazi to ISIS in Syria before Ambassador Stevens was murdered?

Why were you interested in the over-throw of Assad in Syria?

When you left the White House after your husband's last term as president, why did you steal \$200,000.00 worth of furniture, China, and artwork that you were forced to return?

Mrs. Clinton, when you were Secretary of State, why did you solicit contributions from foreign governments for the Clinton foundation after you promised President Obama you would not?

Mrs. Clinton, why do you and your husband claim to contribute millions of dollars to charity for a tax write off when it goes to your family foundation that gives out less than 15% of the funds you collect and you use the balance to support yourself tax free?

Mrs. Clinton, why are you unable to account for 6 billion dollars of State department funds that seem to have disappeared while you were Secretary of State?

Mrs. Clinton, why did you say you were broke when you left the White House, but you purchased a 2 million home, built an addition for the secret service, and charged the tax payers of the United States rent in an amount equal to the entire mortgage?

And Mrs. Clinton, how is it that your daughter, Chelsea, can afford to buy a \$10.5 million apartment in New York City shortly after you left the White House?

And speaking of Chelsea, how is it that her first paying job, in her late 20's, was for more than the salary of the President of the United States? Was there a quid pro quo of any sort involved??

Mrs. Clinton why did you lie to the American people about the terrorist attack in Benghazi but managed to tell the truth to your daughter the same night it happened?

Mrs. Clinton why did you lose your law license?

Why did your husband lose his law license?

Mrs. Clinton, what Really happened to Ron Brown when he was about to testify against you and your husband?

Take your time to respond Mrs. Clinton...
