

OK, I see I have 4 respondents to my comment. Should I take you on one by one, or as a group, is my question. Let me make a comment separately, then as a group. Two of you provide the typical libtard response, so let me start there. Kuhár György (who is Hungarian, a system administrator and mathematician) and Kenneth M. Baldonieri (who is a self-employed attorney and lives in Budapest). To assume makes an ass out of u, not me! György calls me 'a stupid man' without knowing anything about me, and Kenneth is a lawyer without any empirical evidence whatsoever. Typical libtard responses. If you don't have a message, attack the messenger. I already responded to a politician who was from the EU Parliament, and I think a judge, but he deleted his one word question: 'Why?' After I responded with enough information to give him a weeks' work. I think—as some of you do—he believed I didn't know what I was talking about. He disappeared quietly into the night. What? You don't want to debate? So I'm doing it again, and making this a template so I don't have to rewrite the same stuff, 'cause it takes way too much time for this. Libtards never have – and I use absolutes (i.e. never, always) sparingly—facts, thus never attempt to use empirical evidence. My brother said that I was stupid for 2 years when I supported Trump, and in fact, the day before the election he said that the Donald had a 1/7 chance of winning. He's a FAKE NEWS reader is all he is. One of the bloggers here is a mathematician that doesn't know how to count, the other is a lawyer that doesn't know how to argue. Reminds me of 'The Honest City' by Kosztolányi Dezső (A becsületes város). I am never disrespectful unless others are disrespectful to me, in which case, I'll ream you a new a\$\$hole with my spoken words. Leslie Ann and Antonio Anastasi are respectful enough, so I won't comment on their character.

I also teach lawyers and doctors and many others here in Bp, and I have even taught at OSI – until they discovered my political views, that is – actually, I have very few views that can't be substantiated. I suppose that's why the EU guy vanished without discussing the matter further. I TEACH ABOUT GEORGE SOROS, AND I ALSO TEACH ABOUT WAR!

So, although I don't have time to go into every nook and cranny, I'll give you all the short scoop! – By the way, about lawyers, I have some that are quite clever, but the vast majority here in Hungary are as incompetent as you can imagine. I've never seen such a thing, and I've been around a lot of lawyers in my lifetime. Never ask a lawyer what makes a good law because they simply can't answer it! They can't answer it because they are taught to be sheeple (sheep + people = sheeple). They have exactly one class in economics and are not required to debate any argument throughout their schooling. Let me answer it for you: Laws should be made to protect the economy only. What makes a good economy? Let's just start with economics: Economics is the study of the use of scarce resources which have alternative uses. Well, we aren't here to talk about that, and there are only a few lawyers and mathematicians in this neck of the woods who can grasp that idea, anyhow. As the saying goes, "Don't let your children's schooling get in the way of their education." (That concept is beyond the scope of my focus today, but you may want to study up on it.)

Now, for Soros, and his agenda. I teach about this stuff, you know. I said that 'George Soros is an enemy of the state', and I rarely say things that are not simply fact, and this is simply a FACT! For that, I'm going to refer you to some books, videos and maybe even articles, but rather than rely on me—which I'm sure you would if I didn't mention it :D—look it up yourselves, in his own words.

The art of war can take on many characteristics, but the main targets are to destroy the economic engine and demoralize the individual and family units, which are the cornerstones for positive

economic and personal growth. The art of war can be a very simple or a very deep and complex matrix. The NWO groups, which Soros belongs to (It might also be noted that Orbán received a scholarship from Soros, and I think Gyurcsány did too – but I do know Soros had a lot of influence on Gyurcsány's government. You could say that Orbán owes his political career, at least in part, to the Puppet Master—deep matrix), make their matrixes both simple and complex, depending on who you're talking to. For a mathematician, many math problems can be very easy, but many others may be far beyond his scope, and for a novice, any math may be a challenge. So, to get you started, let's just start by saying that all that smells wonderful may actually be a deadly Lily of the valley. These delicate little flowers may look innocent however; they are in fact extremely poisonous: Daphne, Opium, Aconitum, Nerium Oleander, Conium, A Trope Bella Dona, Angel's Trumpet. Orbán Viktor's policies may seem very nice and innocent to some (i.e., minimum wage laws, maternity leave, sports arenas, the swimming championship, anti-Soros and anti-Muslim campaigns, etc.), but they do exactly the opposite from what the marketing propaganda states or implies. And as too with CEU. Just because CEU may seem innocent, it is by far not. It funds the Soros engine. What is the Soros engine?

Here are a few things to check out:

Here's why the EU will fail (George Soros mentioned), and probably not in an amicable way (all of these are just parts of a bigger puzzle, so don't have a tizzy fit. Such a lesson can take weeks or months):

European Union > The Tower of Babel

<http://www.mediaaccess.hu/index.php?module=sourcepage&id=333&lang=1>

George Soros is for open borders. The first things that must happen in order to create a communist state (aka the NWO) are the following. We must destroy personal identity and national identity:

Muslims - Fabian Socialists - Origins of EU (European Union) (Please be sure to watch the first two videos and don't forget the article titled „The Last Refuge - Understanding The Origin Of The Arab Spring... - Posted on January 6, 2014 by sundance.”

George Soros – AND ALL OF HIS PROGRAMS SUPPORT HIS AGENDA! Everything from the Paris Agreement (that has nothing to do with global cooling, warming or change – whatever you'd like to call it), to the United Nations (which isn't united in anything but perpetuating wars and criticizing Jews). If you want to get rid of Jews, bring in the Muslims. That's a sure bet.

And a bonus: (About Angela Merkel. Farfetched? I don't know, but I learned some hardcore facts about her in this article that I didn't know before.) What Happened to Hitler's Sperm?

<http://www.mediaaccess.hu/index.php?module=sourcepage&id=70&lang=1>

And cultural Marxism:

You can follow the subtitles by going to my webpage at mediaaccess.hu, clicking on 'oldaltérkép' and finding them there, or by clicking on the American/British flag, and going to the sitemap. How to destroy a nation from within.

The „Cloward-Piven” strategy is also a strategy that George uses.

You can also look up Agenda 21 and Agenda 2030 for a better understanding of Soros' agenda (also on my website), as well as watching 'Agenda – Grinding Down America.'

After you guys learn about all of what I've written thus far, we can go further. Progressives – oh yea, one more – the Ant & the Termite – be sure to read the pdf, which explains the 1 minute video.

And on a side note, about the Banking scam in Hungary (most info is usually in Hungarian, except for the documents that I wrote and had translated):

Orbán Viktor's policies – ALL OF THEM – will make Hungary a Muslim nation within a very short time. I say within 20 years, Erdogan says by 2023:

**And for anyone who wants to study Islam, here you go! If you don't remember anything I say, remember this. They are coming, they are coming fast, and they are coming to kill you. And Orbán is not intent on stopping it!**

Islam has been outlawed in the United States since the United States' inception!

Islam Has No Right to Build Mosques, Spread Islam, or Institute Sharia Law In America

<https://youtu.be/cfWeAwliyQA>

They are coming to Kill you! What part of 'Kill' don't you understand? This is NOT a game! This is NOT My Opinion! I am simply disseminating facts! I posted this, and someone asked me, 'Is every Muslim out to kill you?' And I answered, 'Yes.' He then called me a bigot, a racist (Muslims and Islam are neither races nor are they religions), and the usual. I then said, 'This is not my opinion, it is fact. They are all part of the same orchestra. Not all of them are playing the same instrument, but they are all playing the same song. They are coming, they are coming fast, and they are coming to kill you. Every non-believer has three choices. 1. Convert, but they'll probably kill you anyway because the conversion would be highly subjective. 2. Pay Jizya, which is like a Mafia extortion money, an extra tax paid by dhimmi status, second rate citizens. And, the third choice is to fight till the death. By the way, did you know that all infidels (non-believers) will go to hell, except for their women. Nope, women and girls ('cause Islam allows pedophilia) will be sent to heaven where they will be concubines (sex slaves) for Muslims in heaven. There is no other god but Allah. Do you understand? There's a lot more on my webpage [mediaaccess.hu](http://mediaaccess.hu). Click on the American / British flag, go to sitemap, and type anything Islam, if you would like more links.

Is that enough? So who is superficial? If you are a Muslim, you know that your 'Prophet' was a child molestor – a pedophile, a murderer, a thief, a ganster thug, that did no miracles. Had 13 wives, including 6 year old Aisha. Be sure to watch Muhammad: the Innocent Prophet, Islam – What the West Needs to Know. The more you are like Muhammad, the closest you are to Allah (a.k.a. Satan), the closer you are to Jesus, the closer you are to God – JESUS DID NOT DO ANY OF THE THINGS MUHAMMAD DID!
