

## REAGAN VS. OBAMA SOCIAL ECONOMICS 101

**Ronald Reagan:** Hello, I'm from the government, and I'm here to help.

**Barry Soetoro (a.k.a. Barack Hussein Obama):** Well, I am the government, and I'm really busy now. You have no idea how hard it is to be president.

**Ronald Reagan:** I'd just like to say, "Politics is not a bad profession. If you succeed, there are many rewards. If you disgrace yourself, you can always write a book." So, whatcha doing here?

**Barry Soetoro (a.k.a. Barack Hussein Obama):** This? Oh, I'm redistributing the wealth. I'd learned in schools that spreading the wealth is good for everyone.

**Ronald Reagan:** Well, I learned from real life that it's not. What about the guy you're taking money from?

**Barry Soetoro (a.k.a. Barack Hussein Obama):** OK, so it's good for 75% of the people. Isn't taking money from one person to make three others happy a good thing?

**Ronald Reagan:** No, it's a very bad thing. In fact, there's a word for it; it's called theft.

**Barry Soetoro (a.k.a. Barack Hussein Obama):** But it will better the lives of 3/4ths of the people.

**Ronald Reagan:** Actually, it will make life worse for 100 % of the people. And, we call that socialism.

**Barry Soetoro (a.k.a. Barack Hussein Obama):** I can't stand how all you conservatives say "socialism", like it's a dirty word.

**Ronald Reagan:** That's funny, I feel the same way about how you liberals use the word "capitalism". How about giving me 5 minutes, let me tell you a story? Jelly bean?

**Barry Soetoro (a.k.a. Barack Hussein Obama):** No thanks, I'm good.

**Ronald Reagan:** Well, they're mine, and I'm happy to share some.

**Barry Soetoro (a.k.a. Barack Hussein Obama):** That's alright, Ron. As I see it, I'm already entitled to at least half of them.

**Ronald Reagan:** That's a good one. Not long ago, there was a college professor in Texas, and he...

**George Bush Jr.:** Oh, oh, can you make it Southern Methodist? I'm gonna have me a presidential library there one day.

**Ronald Reagan:** Sure.

**Bill Clinton:** Yea, right. When I'm president, I'm gonna have the biggest presidential library in history.

**Sarah Palin:** Yea, 'cause yours is gonna be the only one with an Adults Only section. Oh gosh, I just crack myself up.

**Ronald Reagan:** So, the professor was teaching one day when one of his students came up with what he thought was a brilliant idea.

**Barry Soetoro (a.k.a. Barack Hussein Obama):** Professor, on behalf of the entire class, I would like to go on record and say that socialism works. It gets rid of the upper and lower class. No one is rich, and no one is poor. We can all work hard and we could share everything.

**Bill Clinton:** Oh man! Yea, go us!

**Nancy Pelosi:** That sounds wonderful, but we will be able to have private jets, right?

**Sarah Palin:** Hmm, I don't think it'll be able to work very well.

**Bill Clinton:** I feel what you're both saying, and I love you for it. You are both very intelligent women.

**Hillary Clinton:** You pig!

**Bill Clinton:** Ow! It wasn't me.

**Ronald Reagan:** Socialism! Alright, let's do a little experiment. All grades will be averaged for the next test, and everyone will receive the same grade.

**Barry Soetoro (a.k.a. Barack Hussein Obama):** Well, well, that sounds good. I mean the best students will still have pretty good grades, and now nobody will feel like a failure.

**George Herbert Walker Bush:** Read my lips, "No one will be a failure." Right son?

**George Walker Bush:** You got it, pop! This is great news. I'd better text my buddy Karl (Karl Rove). Red Rover, Red Rover, no need to send those answers over.

**Richard Nixon:** Yea, you probably woulda got caught anyway. I wish I had that on tape.

**Ronald Reagan:** So, the time came to put the experiment to the test. It didn't seem like much changed. Maybe one or two had doubts.

**George Herbert Walker Bush:** Very good question, very direct. And, I'm not gonna answer it.

**Bill Clinton:** Here, I smoked it, but I never inhaled.

**Nancy Pelosi:** I know, you're not a criminal, right?

**Arnold Schwarzenegger:** I inhale and exhale everything.

**Ronald Reagan:** Well, class, the results are in. Everyone got a 'B'.

**Hillary Clinton:** What?

**Bill Clinton:** Alright, go us!

**Hillary Clinton:** Bill, this is all your fault. I demand a recount.

**George Walker Bush:** Hey, this is perfect, my average just went up. No child left behind, right?

**Ronald Reagan:** The students who had studied hard were upset, while the students who had studied very little were happy. But, when the next test rolled around, the students who had studied little, studied even less, and the ones who had studied hard, decided since they couldn't make an 'A', they wanted a free ride, so they also studied less. The second test average was a 'D'. No one was happy. When the third test rolled around, the average grade was an 'F'.

**Arnold Schwarzenegger:** I like the color red because it's a fire, and I always see myself as being on fire.

**Ronald Reagan:** The scores never increased, as bickering, blame, name calling, all resulted in hard feelings. And, no one would study for anyone else. To their great surprise, all students failed.

**Hillary Clinton:** If you think I have worked all these years to let her write on my ...

**Bill Clinton:** I did not cause this ... this is not my fault.

**George Walker Bush:** I can't make a 'B' on my own.

**Ronald Reagan:** You see, class, socialism doesn't lift the bottom up, it tears everyone else down.

**Richard Nixon:** That was a stupid idea. I coulda told you that on tape. Wait, I think I did.

**Hillary Clinton:** Who came up with this idea, anyway?

**Bill Clinton:** I'll tell you who came up with it. The new kid.

**Barry Soetoro (a.k.a. Barack Hussein Obama):** Let me be clear. Never mind.

**Ronald Reagan:** So, what did you think, Chief?

**Barry Soetoro (a.k.a. Barack Hussein Obama):** Interesting story, but I, I don't see it the same way.

**Ronald Reagan:** Well, just remember, a government's first duty is to protect the people, not run their lives or steal their ambition and dreams. A government big enough to give you everything you want is a government big enough to take away everything you have.
